## Welcome to the Leaning Cedar Tree Cabin!

**The Leaning Cedar Tree Cabin** is a remote, rustic cabin bordered by the Boundary Waters Canoe Area Wilderness, and surrounded by Boreal forest and the gently flowing North Kawishiwi River. Our cabin is accessible by water across Farm Lake at entry point 31 in the BWCA. Its zen-like simplicity will captivate your soul. Enjoy the wood fired sauna to cleanse body and spirit. The cabin is equipped with wood burning stove, modern gas range, propane fridge and lights, down bedding and soft organic cotton sheets and towels, but is still comfortably rustic without electricity or modern plumbing.
